## Better Review Your Canning Knowledge For Busy Season

(By Mrs. Clara B. Long,  
County H. D. Agent)

### Safe Methods of Canning

The Extension Service of A. and M. College of Texas recommends two methods of canning as being safe, preventing spoilage, and retaining the maximum amount of food value, flavor, texture, and color. One method is to process meats and vegetables except tomatoes and ripe pimientos in a pressure cooker. The other method is the water bath for fruits, tomatoes and ripe pimientos.

### Use Pressure Cooker for Canning Vegetables and Meats

The steam pressure cooker is the safest way to can vegetables and meats, because it is the best way to destroy the resistant bacteria present in these foods. One of the most dangerous bacteria and the hardest to destroy is the bacillus botulinus. When these bacteria are not destroyed in the spore stage, they may grow later and produce a toxin or poison in the food. The worst part about this poisoning is that usually one cannot smell it, taste it, or see it. You may not know it is there by any visible sign. One small bite could cause death or severe illness. Because there are such dangerous bacteria we must destroy them if they are present. In fact, if we follow precautions to destroy the bacillus botulinus, we really do not need to worry about the other bacteria.

Bacillus botulinus is destroyed by processing under pressure at 240 degrees to 250 degrees F for a certain length of time, according to the product and the size of the container. In the water bath or oven, the temperature of the food inside the jar never reaches higher than 212 degrees F. In the over the temperature may be 250 degrees to 275 degrees, around the jar without breaking the jar, but inside the jar the food remains at 212 degrees F. The only way to get liquid higher than 212 degrees F is to have pressure. If the lid is sealed air tight you would get pressure, but in the oven the pressure would be inside the jar and not around the jar. This would cause the jar to break. If tin cans were used in the oven the pressure formed inside would cause the seams to burst. In the pressure cooker there is pressure inside and around the jar or can. This balance of pressure prevents the jar from breaking or the cans from bursting when the temperature goes higher than 212 degrees F.

Boiling canned food six to nine hours in a water bath or oven usually destroys the bacillus botulinus and may keep the food. Experiments show that even then there are cases of botulinus poison present. This method, besides not being entirely safe, is unsatisfactory because the long processing destroys food value, texture, color and flavor.

### Can Fruit, Tomatoes and Ripe Pimientos in Water Bath

The water bath is an economical, practical, and safe method for canning fruits, tomatoes and ripe pimientos. Since water is a better conductor of heat than air, canning in the water bath takes less time than in the oven. The Indiana Agricultural Station found that it took 95 to 110 minutes for food in-

side the jar in an oven to reach 212 degrees F, while it took only 20 to 25 minutes in the water bath. That makes the water bath a quicker and cheaper method. Besides, it is usually considered that foods cooked for a shorter period of time have the best flavor, food value and texture.

A water bath canner is easy to arrange. Any large kettle with a rack or false bottom and a tight fitting lid may be used. A wash boiler, small tub, bucket, or a roaster may serve the purpose. The kettle should be deep enough to allow the water to be one or two inches above the top of the cans or jars.

In a water bath more liquid is retained in the jar. When canning in the oven, liquid bubbles out of the jars and goes to waste, leaving a vacant space in the top of the jar. If the lids were tightened to avoid loss of liquid, the pressure inside would break the jar or seal.

Peaches, pears, apples, and apricots often turn dark when canned in the oven. Berries, cherries, and small fruits are the only foods that may be canned easily in the oven, because heat penetrates the small fruit better than larger fruit. Even these are better when processed in a water bath.

Open kettle canning is not recommended because there is a greater percent of spoilage, and the food is often mushy in texture.

## Former Hamlin Man Died In Roswell, N. M.

D. A. Hughes, a former citizen of Hamlin and community, died April 20, at his home in East Roswell, N. M. He had been in ill health for about 13 years. He is survived by his wife and seven children, as follows: Mrs. Albert Meyer, Roswell; V. C. and Lonnie Hughes of Amarillo; Mrs. E. B. Watson, Carbon, Texas; Mrs. Floyd Altum, Alamogordo, New Mexico; Herbert Hughes of El Paso and Miss Ruby Hughes of San Diego, California.

### VISITING IN McCALLLEY FROM KANSAS

Miss Thelma Dean, daughter of Mr. and Mrs. John Dean of McCaulley, visited her parents last week from Wichita, Kansas. Miss Dean is employed in one of the aircraft plants in Wichita. Mr. and Mrs. Granville Dean of Fort Worth were also home. Mr. and Mrs. Buford Dean of Wichita, Kansas, former residents of Hamlin, were unable to be home at this time. The two sons and only daughter of Mr. and Mrs. John Dean are all employed in defense plants. Before returning to Wichita, Miss Dean spent two days in Fort Worth.

### BUY A CAKE

The members of the Methodist Youth Fellowship are going to have a cake sale in front of the Bryant-Link Department Store Saturday, beginning at 11 A. M. Each member of the Fellowship is to bring his or her cake by 11 o'clock—and this means every member. Everyone is invited to buy these cakes, but you had better come early to avoid the rush and make sure that you do get a cake. The proceeds of this cake sale are to be used to send Miss Jeannine Johnston, the Youth Fellowship delegate, to Summer Assembly at McMurry College, Abilene.

Mr. and Mrs. Cecil Brown and little daughter, Mrs. H. E. Brown and daughter, Miss Virginia, went to Mineral Wells Sunday to visit Pvt. Charles Brown, a recent enlistee in the army.

### Card of Thanks

We wish to extend our heartfelt thanks and appreciation for the acts of kindness and messages of sympathy and beautiful floral offerings received from our kind friends and neighbors during our recent bereavement in the loss of our beloved father and grand father, G. R. Bates.

The Children and Grandchildren

## SYLVESTER NEWS ITEMS

By Merrena Vaughan

The Herald is glad to introduce to our readers this week, the Sylvester News Items, furnished by Miss Merrena Vaughan. We hope this will be a continued story of that good community in Fisher County. There are items of public interest in Sylvester every week that need and deserve publicity. This gives a splendid outlet. This is an age of War and Sylvester, like all of our communities has scores of fine young men in the services who should be given their due publicity. Other things like marriages and deaths, births and a hundred things in the community, good news, sad news, prosperity items, and disaster news, all go to make up the community history. We hope to get a Report every week, but it will be no crime if a week is skipped. Welcome Sylvester.

Pvt. Maurice Rocquemore returned to his duties in Bryan after a fifteen day furlough visiting his parents, Mr. and Mrs. Rocquemore.

Ensign James D. Josey returned to his base in San Diego, Calif., after stopping by to spend two weeks with his parents, Mr. and Mrs. Allen Josey and grandmother, Mrs. Mattie Free.

Creston Whitten, son of Mr. and Mrs. Tim Whitten, has entered his training as a Marine.

Sgt Elbert Free has been transferred from Big Spring Bombardier School to Mississippi for further training.

A bridal shower honoring Mrs. Robert E. Lee, former Miss Louise Ferguson, was given on Thursday, May 13, by Mrs. Milton Kiser and Mrs. Beatrice Owen, in the Owen home. Mrs. Lee received many lovely gifts. Those present were Mrs. Warren Kemp, Mrs. May of Hamlin, Mrs. Rector, Mrs. Will Davidson and Mrs. Woods of McCaulley; Mrs. Chas. Ferguson Jr., Mrs. L. C. Brown, Mrs. Faye Dozier, Mrs. Tim Whitten, Mrs. George Parsons, Mrs. Hazzie Ward, Mrs. G. A. Beane, Mrs. J. P. Ma-berry, Mrs. Chas. Ferguson Sr., Mrs. Ray Parsons of Roby, Miss Penny Ferguson, Miss Opal Jean Josey, Miss Tommie Lou Babin, Miss Carine Ward, Mrs. Tracy King, Mrs. Mac Eoff, Mrs. Harry Hood, Mrs. Jim Turner, Mrs. Paul Turner, Miss Inez Henson, Mrs. Jim Ezell of Hamlin, Mrs. Rocquemore and daughter Coleman, Mrs. Clayton Corroll, Mrs. Mac Turner and Miss Caroline Beane and Merrena Vaughan.

On Friday, May 14, the Intermediate G. A.'s of the Sylvester Baptist church entertained mothers of the boys in service with a tea, given in the basement of the church. Mothers present were Mesdames Mattie Free, Jim Turner, Buford Brown, Allen Josey, J. P. Everheart, Robert Scott, Sluder, A. W. Pursley, Tim Whitten, E. C. Kiser, Rocquemore, Henry Edwards, Bill Thompson, John Edwards, Tracy King, with Mrs. Paul Turner as sponsor of the G. A.'s.

We are happy to congratulate the Newman Baptists on the dedication of their church. Their services were held last Sunday.

Word has been received that Pvt. Freddie F. Kiser has arrived safely in Alaska after two months of waiting.

Mr. and Mrs. Hazzie Ward have word that their son Joe Billy Ward, F 2-C, U. S. Navy Radio Sound Laboratory, is back in San Diego, Calif. for further training.

The colored school of Sylvester gave their closing exercises in the High school auditorium on Monday night.

Pvt. Olan Turner has returned to the Marine Training Base in San Diego, Calif., after spending six days with his parents, Mr. and Mrs. Frank Turner.

Pvt. Carlton Brewer and Pvt. James Early of the Air Corps are spending ten days visiting their parents here. They will then return to duty in San Angelo, Texas.

The Sylvester Senior class will be addressed by Dr. W. R. White of Hardin-Simmons in their baccalaureate service on Sunday night, May 23 in the Methodist church at 9 P. M.

The commencement exercises will be held on Monday evening, May 24, at 9 P. M. in the High school auditorium.

Lt.-Col. John A. Stout, Jr., senior Chaplain, M. R. T. C., of Camp Barkeley, will give the address.

## The Chaplain Has A Word For You

(By Chaplain Arthur M. Parcoe,  
1st Lieut., Office Chapel No. 1  
Sheppard Field, Texas)

Welcome to the Army and to Sheppard Field. Your Chaplain salutes you and greets you. You are now a part of Uncle Sam's greatest fighting force, and you should be proud of that fact. You are also part of that great force of men all over the world who are fighting the battle of God-Given Freedom. Don't forget that. You still have that battle to win. Your Chaplain, like you, is also a soldier and like you has had the long hours of basic training and in addition he has had many years of ministry meeting the spiritual needs of folk like you.

You may have a problem, a real problem—something at home, or something about your new life and environment that makes you feel you need someone to talk to—someone who understands a man and a soldier. Consider your Chaplain a personal friend, one to whom you can go for advice and help. You will find a warm welcome. Even if only to say "Hello," feel free to drop in and see him.

This Army life is different. Those first few weeks, with everything so new and confusing, are tough, but you'll fall in with the thousands of others, who like you, found it just as tough, and soon you'll agree it is not as hard as it may seem. Maybe you're homesick. If you are don't be ashamed of it. That shows you came from a good home, and that's what you're in the Army to preserve—your home, and the things that make it what it is. To go A. W. O. L. is to betray the sacred trust of defending your nation and your home. What shame and disgrace!

Do not neglect your religious duties. Attend some divine service each week in the place of worship provided for you by your Chaplain. Remember we owe everything to God, and we need all the help He can give us in times like these.

The following suggestions will help you to live as a soldier of your God and Country and be a credit to yourself and to those who love you:

1. Write regularly and keep the folks informed about yourself.
2. Honor the uniform. Watch your personal appearance; neatness and military bearing, at all times and places, mark a man as a good soldier.
3. Live a morally clean and sober life. The immoral or drunken soldier, endangering his own and other men's lives, disgraces the uniform and is truly a fifth columnist. He is certainly an enemy of God.
4. Keep your speech clean. A man curses and swears, either because he is uneducated, or to conceal the fact that he feels inferior to those around him. Think it over.
5. Look upon the commissioned and non-commissioned officers as your friends. Obey their instructions to the letter. There is good reason for all orders whether you understand that reason or not. Your very life at some time may depend upon the prompt execution of an order.
6. Do not hesitate to use the facilities of the USO and the American Red Cross.
7. Live your new careers as soldiers of God as well as soldiers of Uncle Sam—your buddies will respect and honor you if you do and we can get the "Big job" done a little more quickly.
8. Ask yourself the question — "If every man in this Army was just like me what kind of an Army would this Army be?"

## Notice! East Cemetery

We are going to clean up the East Cemetery in the next few days. There is nothing in reserve to pay for the labor. If you have not made arrangements to have your premises worked, please do so at once.

Due to the fact there are so many who have people buried there, that the secretary is unable to locate, and ask for funds, it seems we are compelled to ask all persons interested in seeing this work done to help us out. You may do so by making a donation of money or donating your services in work. Either will be greatly appreciated. You may call 170 or 299J for further information.

Secretary Hamlin Cemetery Ass'n.

## Marcus D. Harwell Died Near Tuxedo

Marcus Daniel Harwell, a prominent farmer of the Tuxedo community, died at his home, Saturday, May 15, at 1:10 P. M. Age 60 years, 3 months and 26 days. He was born in Washington, County, Texas, January 19, 1883.

Mr. Harwell was married to Ida Carothers in Falls County, July 11, 1900, and the survivors are his wife, and two sons, Harvey Harwell, with the Delta Air Lines, Atlanta, Ga., and Robert of Sweetwater, Texas. Also three daughters, Mrs. Walter Grimm of Tuxedo, Mrs. A. T. McGee, Lubbock, and Mrs. Dennis Brooks of Vernon.

There were five grand children. Also surviving are two brothers, J. C. Harwell, Stamford, and W. B. Harwell, of Austin, and two sisters, Mrs. W. P. Moore, Stamford and Mrs. Louise Dickson of Waco.

Mr. Harwell had lived in Jones County 25 years, coming here from Eddy, McClellan County. He was a member of the Tuxedo Methodist church, where the funeral was held Sunday, with Rev. J. M. Cochran in charge.

The body was placed to rest in Highland Cemetery, Stamford under the direction of the Kinney Funeral Home.

## A School Boy Buys \$1,000 Worth Bonds

All the bond buying is not over by a jug full in Hamlin. This was evidenced last Saturday when Micky Kenneth Scott, age 14, a grammar school graduate this year, came by the Herald office with a "package of war bonds." One thousand dollars worth, too.

Micky's mother was with him and she has a right to feel proud of her boys. One son is First Lieutenant Bill Scott of Camp Bowie and the school boy Micky. These boys, with the influence and the sound judgment of their mother, are preparing for a comfortable future. In these days, when persons come into possession of money, it is good judgment to place it where it can be used to help win the war and provide something to stand on in after years. So Micky Scott already shows he's got a business head on him.

Micky says he wants to be a Marine—a natural feeling of so many young boys who feel that something they ought to get in and help fight. But Micky is young and no doubt but that before he is 18 his Lieutenant brother and his like will have won a secure victory for their brothers so boys like Micky can develop into good educated farmers, mechanics, business men or professional service. The two classes of men—the soldier now and the school boy now, can make a brilliant America.

## PUBLIC IS INVITED TO SPEECH RECITAL 24th

Mrs. Heflin Miller will present her speech classes in recital Monday night, May 24th, at 8:30 P. M. at the High school auditorium. The public is invited.

Mrs. Harold S. Stovall left last Saturday for Bryan where she will live to be near her soldier husband who is in the Air Field there.

Mrs. Bertie Wright returned Saturday from Lubbock where she had been two weeks with her daughter, Mrs. Norman Doboe (formerly Juanita Wright) who is the mother of a little daughter, Nancy Carolyn, born May 7 and weighed over nine pounds. Mrs. Wright enjoyed her visit in this home especially it seems fish were plentiful and she will be going back, now frequently.

## BIRTHS

A daughter was born to Mr. and Mrs. A. C. McClure, Friday, May 14. She weighed seven pounds and the name is Mary Ann.

Mr. and Mrs. J. A. Jenkins are parents of a son, Steven Michael, born Wednesday, May 5th.

## THIS WEEK

A LITTLE BIT ABOUT

*This*

AND A LITTLE BIT OF

**THAT**

—There are a lot of fellows in this United States who are having cat fits about whether private or government enterprise is going to dominate...they do not seem to realize that we are in war and do not act like it...really do nothing but grouch about somebody interfering with their business...guess old Hitler would not interfere, guess they would like to try out that old devil...just to see.

—In time of war emergency boards must of necessity be set up, and if there is anything wrong with Washington's way of doing things, they have not been tough enough, definite enough, hard enough, acting fast and unflinchingly enough. We need a "crack-down" bunch of bureaucrats with a "crack-down" congress to back them up.

—One thing that puzzles the older people in this new-fangled world, is how did folks get along without knowing Vitamins. There's C and D, and B and B sub 1 and a dozen others upon which eyes, bones and blood depend. Back in the other days, folks just "got all balled up" and either began to eat this or that, or quit eating this or that and finally lived their three score and ten years.

—Two things have happened this week that makes all America realize just a little more that our nation has a fighting ruthless foe in the Japanese. Last Friday a Jap submarine sent an Australian hospital ship on the high seas, to the bottom of the ocean, with the loss of about 300 medical men and women, who had trusted to civilization immunity of injury by use of the Red Cross Hospital Flag and full lighted ship. This is only a sample of what our boys have had to meet on the land fronts wherever they have met the Jap. The other thing to be noted is the hardness of the task to dislodge the Japs from Attu Island. When it comes to fighting, the Jap is noted for his "stayability" and as for recognizing the rights of the sick, the doctors and the nurses, that is not in his ape-like head yet. So on with the battle, and after so long a time the menace of the "Yellow Race" that we have heard of so long, will be whipped to a dismal shadow. That's our task, that's our duty to civilization and humanity. The power of Our Nations' military might will make Christians out of the stinking Yellow heathens. On with the battle.

—It is hard for a lot of Texans to understand the reasoning that would suggest it would be a good idea to skip the 1942 income taxes, in any part, to say nothing of ALL being skipped. Already the greatest payment of income taxes ever known has taken place, many complete for 1942 and then why now talk of skipping. That is no reasonable way to pay our war debt. However, we all know the year 1942 was a big year for a lot of government contractors, and war supply firms, and it would be so nice for them to "skip it."

—Here is an idea that sounds like common sense: We hear of the Axis ship operators scuttling their ships and cargo when they realize that they are caught. To stop that kind of waste, why not sound the word to them, "Nobody will be rescued if any part of that ship is scuttled, or any cargo is ruined..." then if they act ugly, let 'em take the waves and like it.

—This month of May, 1943, seems that it is out of step, one or two days hot as blazes and then the next three or four so cool that fires are needed for comfort...plenty of mist and but little water...up in Oklahoma and over in Arkansas they are getting gallons while we West Texans receive drops...now if their rivers could slosh over and let this part of the country have a few inches, we think it would be great...again it is a matter of "distribution."

## R For VICTORY

The eyes of those on the battle front—those who care for the wounded—those who work in industry and home defense: ALL must see clearly.

## Don't Whimper In Sympathy for Germany

Before the end of this war, before the Germans forget their pride and call "enough", there will be some few in this soft-hearted land of ours who will begin to whine sympathy for the German towns and villages swamped by bombs and destruction.

Every dog has his day. Hitler hounds had their day and it is time to see the tables turned. It seems that some parts of Germany were pretty well dammed, and now that the British torpedo planes have found their dams and dammed them with plenty of explosives, hundreds of millions of tons of dammed water have spurted out so that a dam lot of destruction has resulted, by such

dam good luck of the flyers.

Think of three great dams, on perhaps two rivers merging into one where their valleys for years have been the sites of homes, fertile fields, roads, rail roads, mills, war factories, complicated machinery, parts and finished products, a million things too numerous to mention, think of the hole knocked into the very stomach of Germany by a few minutes of good dam bombing.... that's war. Yes, it is terrible, and no worse than what Germany has dealt out to millions of helpless peoples the past three years. Yes, it is her time from here out. When she gets enough, the United Nations will let up with pleasure. Germany is facing the beginning of the end... not as a great nation, but the end of her war-like attitude... she loved war and now for once in a hundred years it is coming home to

her... where planes and bombs are now falling, the United Nations' infantry will soon tramp, if she does not surrender, and also if she does surrender... this time it must be a recognized completed job.... yes, it will cost and cost, but already it has cost and cost as the imagination can estimate in the blowing up of the great dams this week. Imagine the walls of water taking everything before it. See it spread out and into cities, filling millions of wheels full of grit and slime.

Most of us are asking and wondering how long Germany can stand this almost unopposed bombing? Let us figure. From about this May 20 to the same day in November is six months. That is a long time, and the weather will be fairly good for bombing all that time, and the bombers will increase in numbers and the sizes of bombs will be greater. Also all around Germany now the Allied bombers are able to give it to her. She can not have enough bombers and bombardiers to dominate on all sides at the same time. Hence we must conclude the further she suffers the worse it will be, and less unopposed by her own power.... and let us not forget that the loss of Tunisia, of Africa, of a half million men and countless munitions of war, plus a world of prestige, has done much to make Germany think of unconditional surrender.

Save your tears of sympathy. Hitler and his ideas and supporters have caused rivers of tears and lakes of blood, and now they must pay.

Mrs. Pete Bond and little son Carl returned to their home in Orange, Saturday after a week of visiting with her parents, Mr. and Mrs. Wood Smith and other relatives. Pete is a ship welder and had to keep on the job.

It is best not to can fruit and tomatoes in a pressure cooker because they keep easily when processed at 212 degrees F (boiling temperature) in the water bath.

## About Soldiers--Sailors

Miss Winifred McAllister, granddaughter of Mrs. J. D. Farrow and a daughter of Mr. and Mrs. Jess McAllister near Tuxedo, was here recently, accompanied by her sister, Miss Longene, a student in Abilene. Miss Winifred has been working in Washington and has just reported to New York to take training as a WAVE.

— S &amp; S —

Corporal Marvin M. Hudson, son of Mrs. O. S. Hunter, near Tuxedo, came in last week from Trinidad, South America, after being down there since soon after the Pearl Harbor incident. Hudson says that island is populated by a variety of peoples, and it would be hard to describe how poor and backward they are. Chinese, Javanese, Indians, original natives, British, and now Americans (United Statesians) all making up a mass of peoples. English is used, and some progress is being made in sanitation and education, both badly needed. Corporal Hudson was amazed to find so many cars on the roads and streets in this country, after hearing about shortages of gas and rubber. He says this country does not look like it is in war. He came in all of a sudden without his mother knowing he was coming. As they were coming out of the road leading to town, they met another soldier, Sgt. A. L. Hudson, who had a few days off from Sheppard Field. He did not know his brother was at home and nobody knew he was coming in. So this all makes up a complete circle, unexplainable. Corporal Hudson will be sent to Camp Claiborne, and he is glad to be assigned to a home post.

— S &amp; S —

The Herald does not want to overlook any soldier, of any race or grade, and therefore we were glad to see again our colored soldier, Cpl. Arizona Paige, last week in from Camp Beauregard, La. He is in the Service Detachment. He had come home to see his wife and to visit his mother who lives in Waco.

— S &amp; S —

Pfc. Lester Jenkins, of the Sheppard Air Field, has been at home since Tuesday of last week to be with his mother, Mrs. J. W. Jenkins, who has been very ill in the Stamford hospital for two weeks. Lester had just come out of the army hospital from an appendicitis operation when he was called home to his mother. He still looks a bit "under" and while here he wanted the Herald to say for him that he thanks all the folks who sent him letters and cards while he was in the hospital.

— S &amp; S —

The most typical sailorman we have seen was Neil Brackeen, SK 3-C, who came over Monday morning from Norfolk, Va., to see his mother, Mrs. J. S. Criswell. This old sailorboy has been on the waves 19 months and all one could pull out of him was that "I'm in port." He looks wise and tells nothing.

— S &amp; S —

Sgt. J. O. Lewis Jr., son of Mr. and Mrs. J. O. Lewis of the McCauley community, returned to his army unit at Camp Van Dorn, Miss., Tuesday of this week after a furlough of a few days. He is in the Field Artillery.

## Farms For Sale

56½ acres on paved road near town, good set of improvements, all in cultivation. A good chicken ranch and a nice little home. Price \$3,500, one-half cash.

77.65 acres near river between Royston and Roby, fine land, 72 acres in cultivation, 3 room house, boxed, weatherboarded and sheet rock on inside walls. Plenty of well water, 2 cisterns, very good barn and cow shed. No Johnson grass. Price \$60.00 per acre. Can assume loan \$1,200.00.

100 acres, 3 room house, about 5 miles from Hamlin, 70 acres in cultivation, 30 in good creek pasture. Good land and well located. Price, \$4,000.00, \$1,500.00 cash, balance good terms.

## CITY PROPERTY

Six room home, large lot, good garden, city water and three large underground cisterns. Price \$1,800, with \$300.00 cash payment.

An attractive bargain in Hamlin, two extra nice houses, both on same corner lot 150 by 170 feet. 4 bath rooms and 16 other rooms, owner lives in 5 rooms and rents the other 11 rooms for \$67 month, beautiful place to live. Price \$5,000.00.

Some other modern homes at very reasonable prices.

## H. O. CASSLE

OVER BANK IN HAMLIN

A boy we all have been wanting to see, was Sgt. Revis Robinson, who came in last week for a furlough from Laurell, Miss., where he is with the Army Air Force. Sergeant Robinson looks better than any of us ever saw him, and it is clear he is taking to the armed service with a determined will. Revis has been in the army about one year.

— S &amp; S —

Pvt. Dick Hall, son of A. C. Hall writes friends from somewhere in Alaska that he is getting along OK, but longs for letters and information from home. Say, if you know this old Hamlin kid, write him.

— S &amp; S —

Pvt. David Essary of the Pampa Army Air Field, ground force, came down Sunday to spend 10 days with home folks. He has had about seven months in this service.

— S &amp; S —

Some soldiers are mighty lucky. For example there is John F. Green Jr., who gets his commission as Second Lieutenant and becomes a father all in the same week. That was last week too. Yes sir, it is now Lieutenant John F. Green, for he was commissioned last week and arrived home on Sunday, that is he reached the Stamford hospital that day, and there he found his son, John F. III, whose birthday is May 11th, and weighed seven and half pounds. Mrs. Green and little son will likely return this Friday, and then the Lt. can get back to earth and shake hands with his friends in Hamlin.

— S &amp; S —

## FROM NEW GUINEA, EVIDENTLY

Below we are publishing a letter from Sgt. George R. Dean, the old Pied Piper Marine who is serving in a "Raider Battalion" in what sounds like New Guinea. Read it: Note how quickly ordinary mail comes in from "away down yonder."

May 2, 1943  
Southwest Pacific

Dear Sir:

Would like to say hello to all my friends back home. I have gotten the Herald off and on and I sure enjoy reading about my friends that are in the service and where they are. Boy I sure would like to see Hamlin again. Sure miss my friends and the good old Stateside duty. Everything concerning the States out here is called Stateside stuff. Would especially like to see some Stateside women. The beauties out here are kinda on the fat and dusky side.

How is everyone at home. How is the school doing in basketball and how did they wind up their football season? Heard Stamford beat them in foot ball. Hope they can kinda even the score in basket ball.

We have been pretty busy here but got a hunch that isn't even the beginning of what is coming. We have a beautiful camp site up here in the hills. Have a good swift river just below us to wash clothes in and bathe, it sure gets cold sometimes.

Tell Miss Pope (I can't think of her married name) hello and for her to write me. Also wish all my friends who read this would drop me a line once in a while.

Yours truly,  
Sgt. George R. Dean

— S &amp; S —

Not often do we get anything on the WAAC's, but this week the public Relations Office at Chanute Field, Illinois, says that Agnes D. Morton, has recently been promoted to Junior Leader in the Army Air Forces Technical Training Command. This job was formerly held by an enlisted man. Miss Morton is a daughter of Mr. and Mrs. J. W. Morton of Hamlin.

George H. Peel of Rockford, Ill., and his sister, Miss Margaret Peel of Houston and sister Mrs. C. D. Hudson of Coleman, were here the past Saturday just for a howdy stop with relatives and a few old friends. They were all reared in Hamlin. They were guests of Mrs. O. G. Ebert and husband.

## NOTICE TO CREDITORS OF THE ESTATE OF LILLIAN BLANCHE MCGUIRE DECEASED

All persons having claims against said estate are hereby required to present same to me within the time prescribed by law. My residence and Post Office address are Box ???, Hamlin, County of Jones, State of Texas.

TATE MAY

Administrator of the Estate of Lillian Blanche McGuire, deceased (28-4t)

# Canning?

## HERE'S HOW TO HANDLE YOUR MODERN Gas RANGE

ARE YOU TAKING EXTRA CARE of your Gas Range, to make it feed your family till we win this war? If it's a modern automatic, it can serve with a flourish for years and years (war or no war), if it has good care.

1.

Don't burn out the oven enamel with prolonged high heat. (Only a few oven dishes call for high heat; and roast meat tastes much better with a definitely LOW heat).

2.

In canning jars of food in the oven, don't prop heavy loads on the open door; it might warp the door.

3.

Notice the jar-pan in photograph below.

4.

In canning on the top burners, handling pressure cooker, water bath, or open kettle, do not set anything hot or wet directly on the enamel spaces. Use cork mats, or asbestos mats.

5.

If anything drips on the range, wipe it off immediately with a DRY cloth. (The damp cloth comes later when the range has cooled).

6.

Your low-cost natural gas is very rich in heat units, so that a little of it goes a long way. But use it wisely; do not waste it.

Shallow pan protects the oven floor, in case of boil-overs

## Miss Geneva George Marries New York Man

Miss Geneva George, daughter of Mr. and Mrs. J. C. George, of Hamlin, and Pfc. Johnnie Linksy, of New York, were married Tuesday, April 27, in Topeka, Kansas.

The bride wore a dress of egg shell sheer wool trimmed with applied flowers of burnt orange. Her accessories were of burnt orange and white.

Mrs. Linksy is a Hamlin High school graduate, and at the time of her wedding she was employed in the finance department of the Army Air Field at Amarillo, Texas.

Mr. and Mrs. Linksy are now making their home in Tucson, Arizona.

## The First BAPTIST CHURCH

10:00—Sunday School.  
11:00—Morning Worship.  
7:30—Training Union.  
8:30—Evening worship.  
Mid-week service—8:30 P. M. Wednesday.

Don't allow Satan to cheat you out of a blessing by tempting you to stay away from the church. The fellowship with God's people in God's house is needed to encourage the soul in this day of darkness. Your prayerful, consistent attendance contributes to the building up of those forces which will bring our nation from the verge of chaos to the heights of greatness.

H. E. East, Pastor

## Notice! Dr. Baker's

Office Visits for 1943  
At The Hamlin Hotel

Wednesday, May 26th  
Wed., June 23—Wed., July 21  
Wed., Aug. 18—Wed., Sept. 15

## Beta Sigma Phi's Victory Concert

On Thursday, May 27th, at the High school auditorium, the pupils of Miss Edwina Gilbert will be presented in a six-piano ensemble program.

The admission is 15c and 30c, the proceeds of which are to be given to the Red Cross. The program is sponsored by Beta Sigma Phi Sorority.

## METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School at 10 A. M.  
Morning Worship at 11 o'clock.  
Young People's hour of recreation, 6:30 P. M.  
Youth Fellowship program at 7:30 P. M.

Evening service at 8:30.  
The Woman's Society of Christian Service meets Monday afternoon at 3 o'clock.

Church Fellowship supper and program Wednesday night at 8:30. Mrs. Ball will review the book: "Let The People Know" by Norman Angel.

The pastor will bring the sermon messages at both the morning and evening services Sunday. His message Sunday morning is to be "Freedom From Want." Special music will be arranged.

While our boys are fighting for "Freedom of Worship" let us not let them down by failing to attend the services at the house of worship. Be true at the home front while they fight on the battle front. Go to church Sunday.

We are delighted to have visitors.

A Vacation Bible School will be conducted at the Methodist church the first week in June. All children 4 through 14 years of age are invited to attend. Mrs. Fred Carpenter will be in charge of workers and arrangements. Remember the date, June 1st to 5th.

## Women Can Help Through Red Cross

Women in all Jones County towns and rural communities are solicited to help in getting out 48 sleeveless sweaters, 16 pairs of gloves, 16 helmets, 8 pairs of wristlets, for the armed forces in Red Cross' newest assignment of 125 pounds of yarn. A minimum of 3,512 knitting hours will be required, and the chapter is already one month behind on former quota.

The government does not include knitted articles in regular issue to soldiers and sailors but depends upon American women through the Red Cross volunteer service to make these needed garments. Yarn comes direct to chapters with assignment made on population basis. The knitting is a job to do, not a "pick up", past-time, and must be knitted strictly to Army demands through simple instructions.

Jones County knitters made an imposing record last year; one woman gave 883 hours, knitting 16 turtle-neck sweaters and a number of sleeveless ones. An honor roll of volunteers is being compiled and will be maintained in the future.

Some yarn has already been distributed to Hamlin, Anson, Hawley and in Stamford, but more needs to be assigned. Mrs. L. M. York, 209 E. Oliver Street, Stamford, or local production chairmen, are to be seen for knitting.

Workers in a Michigan refinery fixed up a very low, false door leading to the pay office. On it is inscribed, "You will learn to duck lower if you don't Buy a Bond."

## WE SLING GYPSUM

Gypsie Reporters  
(Frances Nichols-Geraldine Brown)

Mr. and Mrs. Henry Espy visited friends and relatives in Sweetwater over the week end.

Mrs. J. B. Earley and son are enjoying a visit from Mrs. Earley's grandson, Arthur Crain of Abilene.

Mr. and Mrs. John Doby are enjoying a visit from their son and daughter, Myrtle Doby of Ft. Worth and Staff Sgt. Willie A. Doby of the U. S. Army Air Corps.

Miss Peggy Polk spent Wednesday night with Miss Wilda Jean Fancher in Hamlin.

Mrs. Ronald Ray and Judy Ann are visiting Mrs. Ray's parents this week, Mr. and Mrs. John Riddle.

Visitors in the home of Mr. and Mrs. Marvin Rhoton Saturday were Mr. and Mrs. H. C. Fagla.

Mrs. J. D. Raney and Jimmie Curt visited Mr. and Mrs. John Gibbons Sunday.

Mr. and Mrs. George Tompkins and Billie Faye visited Mrs. Tompkins' parents, Mr. and Mrs. G. B. Phillips Sunday.

Those visiting Mr. and Mrs. Charlie Polk Sunday were Mrs. Roy Ashley and son of Roby, Mr. and Mrs. J. J. Polk of Roby and Mr. and Mrs. H. C. Carr.

Mr. and Mrs. Marvin Rhoton visited Mrs. V. V. Overton and Mrs. Tom Mahaffey of Royston Sunday.

Mrs. Clayton Roberts is visiting in Dallas.

C. C. and O. L. Cohorn were called to Lamesa last Saturday to attend the funeral of their brother, M. L. Cohorn, who died at the home of A. J. Cohorn, near Lamesa.

Mrs. K. T. Scott and children have been visiting parents, Mr. and Mrs. B. E. Watson in Dallas and her sister, Mrs. T. A. Young in Ft. Worth.

## WISE CHAPEL NEWS

By Catherine Drake

It looks like it might rain at this writing. All the farmers are very busy with their crops. Would like to see a good rain.

Miss Faye Neill and Mrs. Walter Isbell spent Saturday night and Sunday with Mr. and Mrs. J. W. Patterson of McCaulley.

Mr. and Mrs. John Walton and Mr. W. L. Walton spent Tuesday and Wednesday with Mr. J. B. Walton. Mr. Walton stayed for a longer visit with his brother.

Mr. and Mrs. T. W. Flenniken and family of Neinda took dinner with Connie Drake and sisters Tuesday.

Mr. and Mrs. Clifford Eoff and family spent Sunday with Mr. and Mrs. Claude Smith and son at Merkel.

Mr. and Mrs. Tom Neill and son Joe spent Sunday with Mr. and Mrs. Junior Patterson and daughter at the Gravel Pit.

Mr. and Mrs. Junior Bonds of

Stamford spent Sunday with Mr. and Mrs. Joe Bonds.

Mr. and Mrs. Dave Herbst spent Sunday with Mr. and Mrs. T. W. Flenniken and family of Neinda.

Mr. and Mrs. Prentice Graham and family of Wichita Falls spent Saturday night with his sister Mrs. John Walton and husband.

Mr. and Mrs. Johnnie Agnew and family spent Sunday with Mr. and Mrs. T. W. Flenniken and family.

Mr. and Mrs. D. M. Harris spent Sunday with Mr. and Mrs. J. R. Bonds and son at Plainview.

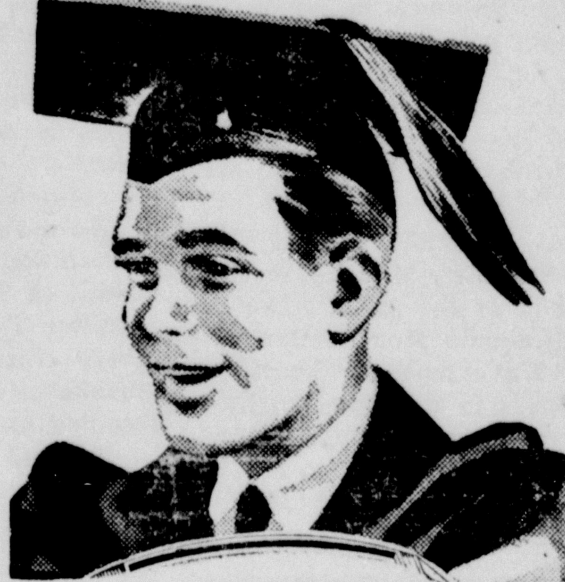

Mr. and Mrs. W. L. Hunter and Mr. and Mrs. Bernice Reed and family of Hamlin visited Mr. and Mrs. Joe Bonds Sunday afternoon.

Mrs. Maude Fizer and daughter, Miss Beatrice of Wichita Falls, spent the week end in Hamlin visiting old friends. They formerly lived here and always enjoy the hearty greeting of former neighbors.

HAMLIN, TEXAS

## Electric Refrigerator:

"Am I healthy! My mistress defrosts me regularly. She always cools food before opening my door. After freezing desserts, she turns my temperature back to normal. She has my motor checked regularly. Boy! I'm good for the duration!"

## Electric Washing Machine:

"Me? I'm just a drudge. In order to speed up the family wash, my mistress overloads me. As a result, I wash her clothes poorly. She doesn't dry me out when she's through. My cord gets kicked around. The strain is bad for me. I may blow up any time!"

## Electric Toaster:

"Why shouldn't I smile? My mistress pampers me. She keeps my tray clean... brushes out the crumbs after every use. She carefully winds up my cord and puts me back in my place. Why should I ever let her down?"

## Electric Food Mixer:

"Sure I'm mad! And wouldn't you be if your mistress treated you like I'm treated? She makes me work longer than is necessary, spilling and wasting food all over the table. She leaves spoons in the dish while I'm running. It's more than I can stand!"

## Electric Iron:

"How do I stay so young? It's no secret. Honest, my mistress just takes good care of me. I'm as good an iron as I was before the war. It's mostly in knowing how to relax when you're not busy. Turning off the heat, so to speak. Oh, yes, I'm good for the duration too!"
